- MYSQL
- PYTHON(BASIC)
- ML(BASIC)
- BLOCKCHAIN(BASIC)

EXPERIENCE

Trainee

HippoCloud Technologies PVT LTD *Apr 2023 - Jun 2024*

Embarking on a professional journey as a Trainee at HippoCloud Technologies PVT LTD, the experience involves gaining hands-on exposure to various software development processes. Engaging with seasoned developers provided insights into coding practices and project management methodologies. The role emphasizes learning and applying new technologies, contributing to real projects while developing problem-solving and analytical skills.

- Assisted in the development of software solutions under the guidance of experienced engineers.
- Participated in daily stand-ups and team meetings to understand project progress and objectives.
- Learned to collaborate effectively within a team environment, enhancing communication skills.
- Contributed to documentation efforts, ensuring clarity and understanding of project milestones.
- Gained proficiency in programming languages and tools utilized by the company.

Software Developer

Datapro Computer PVT LTD *Jul 2024 - Present*

Transitioning into the role of Software Developer at Datapro Computer PVT LTD, responsibilities include designing, coding, and implementing software applications. This position focuses on enhancing existing systems while developing new

functionalities. Collaboration with cross-functional teams is essential to deliver high-quality software solutions tailored to user needs.

- Engaged in the software development lifecycle, from requirements gathering to deployment.
- Utilized programming best practices to write efficient and maintainable code.
- Participated in code reviews and collaborative sessions to improve software quality and team dynamics.
- Assisted in troubleshooting and debugging software issues, ensuring prompt resolution.
- Embraced continuous learning to stay abreast of industry trends and technologies.
